M METALL

MODERN FURNITURE

Made in the USA! - All of our furniture is manufactured in Denver, CO. Our warehouse is outfitted with state of the art machinery enabling us to build the highest quality products. We use recycled 304 stainless steel for our metal tables (rated for indoor and outdoor use). Our "shield" clear coat can withstand extreme temperatures.

All of our tables are rust, scratch and dent resistant. We offer custom colors, shapes and sizes for all of our tables and chairs. Special orders are available. Our incredible customer service is available around the clock via email or phone. We stop at nothing to provide the best experience for all of our customers and offer competitive pricing on our tables and chairs without sacrificing quality and attention to detail.

All of our tables and chairs come with a 5 year structural warranty. Each table is hand crafted and individually signed by the craftsman. Due to the hand built nature of our line, there might be slight variants in our products.

METAL SAMPLES

Due to the handbuilt nature of our product there may be subtle variations for all colors. Colors will vary slightly due to lighting, thickness of coating, and powder coater. The metal samples provided will be matched as accurately as possible. Although we consider these variances to be minimal, there is no way to assure an exact color match. View all photos for each product to ensure color selection for main and accent colors are correct.

Please contact our team if you have any questions.

MADRID

dining table

Top and Plate Accent:
#2 Grind / Diamond Black

Base: Gun Metal

A modern dining table with a textured top and a multi-column base. The table is shown in two views: a top-down view and a side view. The top view shows the table's surface with a fine, woven texture. The side view shows the base, which consists of four thick, rectangular columns with a similar textured surface. The table is set against a dark background with a window showing a cityscape. The word "MILAN" is written in large, white, sans-serif letters across the window. Below the window, the words "dining table" are written in a smaller, lowercase, sans-serif font. The table is reflected on a glossy surface below it. The overall aesthetic is minimalist and industrial.

CLEANING INSTRUCTIONS

1. Wipe down with water and soap: Do an initial clean by wetting a dish cloth with water and a little dish soap or any mild, ammonia free cleaner. Wipe down the surface.
2. Dry thoroughly: Dry the table top with a dish towel, paper towel, or microfiber cloth.

DO NOT USE ABRASIVES, OR CLEANING PRODUCTS WITH AMMONIA OR BLEACH. DO NOT CUT DIRECTLY ON THE METAL SURFACE OR SLIDE ANY SHARP OBJECTS ACROSS THE TABLE TOP.

RECOMMENDATION: USE PLACE MATS OR SURFACE PROTECTORS FOR HOT OBJECTS. HIGH TEMPERATURES CAN PENETRATE THE PORES OF THE CLEAR FINISH AND CAUSE DAMAGE TO THE SURFACE.
